

Deep cleansing cream face with organic Argan oil

Deep cleansing cream face with 9% organic Argan oil.

Manufacturer:L'OR BERBERE

Price:44.90 €

Description:

Deep cleansing cream face , with organic Argan oil and shea butter, 150 ml.

Advised for all type of skin, the Amergou deep cleansing cream softly exfoliates the skin of your face, free skin pores from sebum excess, removes the dead cells, increases the blood circulation and activates the cell regeneration.

The exfoliating elements – the lithothamnium, is issued from natural red seaweed. Its conversion consists in grinding and sifting the seaweed precisely. The lithothamnium is made from delicate ramification soaked with minerals and trace elements from the sea. Those elements can be easily absorbed by the skin as the lithothamnium's porosity is as thin as the living cell.

Enriched with argan oil and shea butter, this deep cleansing cream gives your skin a more radiant look and a smoother feel. Your skin is ready to receive your Amergou cosmetic care. The immediate effects: your skin is thin, soft when you touch it.

Active ingredients used: glycerin, argan oil, shea butter, lithothamnium.

How to use the Amergou deep cleansing cream ? : apply 1 to 2 times per week on a clean and wet skin. Softly rub then rinse with lukewarm water.

The beauty secret : wait a few minutes before rinsing for a complete penetration of the active ingredients. It will let on your skin a delicate and moisturizing protective film.

Caution : Hide from children. Do not ingest. For external use. Do not use on an irritated skin.

Formula without parabens or phénoxyéthanol.

Certified organic Argan oil.
